

## Roller Table Motor - 1PC7

Where reliability  
meets innovation

### **Application specific design**

For custom fit

### **VFD capable, IVIC-C as per IEC 60034-18-41**

Easy speed control

### **Special sealing system for corrosion protection**

Rust protection

### **Suitable for high vibration & shock applications**

Shock-proof

### **Spheroidal graphite cast iron housing with circular fins**

Made for rugged use

### **Stainless steel shaft & C5 corrosion resistant paint**

Stainless steel shaft, C5 corrosion resistant paint & IP66
